TORRENS UNIVERSITY AUSTRALIA

| ASSESSMENT 2 BRIEF | |
|---|---|
| **Subject Code and Title** | PBT205—Project-based Learning Studio: Technology |
| **Assessment** | Post-mortem and project brief |
| **Individual/Group** | Group Assignment |
| **Length** | 2,000–word report (+/–10%) and a 5–10-minute presentation |
| **Learning Outcomes** | The Subject Learning Outcomes demonstrated by the successful completion of the task below include:<br>b) Reflect on the development of a project from a variety of interpersonal and technological perspectives; and<br>c) Investigate middleware and other technologies to assist in efficient and effective software development. |
| **Submission** | Due by 11.55 pm AEST/AEDT on the Sunday at the end of Module 8 |
| **Weighting** | 15% |
| **Total Marks** | 100 marks |

**Task Summary**

- Develop a post-mortem report and presentation on the three (3) themes provided in Assignment 1.
- The objectives of this Assignment are to:
  - Produce the project initiation document;
  - Report the experience of the themes; and
  - Formalise the selection of the extended theme.
- A 2,000-word report (+/–10%) and a 5–10-minute presentation.
- This assessment is conducted in a project team environment and equal contribution is necessary to complete the task.
- All group members are to speak in the presentation.

Please refer to the Task Instructions (below) for details on how to complete this task.

## Context

The focus of this assessment is to explore your technical ability and how to work effectively as a team member in a project-based environment. This Assignment will look at how prototypes are evaluated, selected and then illustrate how to plan and execute projects as part of a team using relevant project management methodologies.

- In this Assignment, you will:
  - Closely examine the software development process and the project management methodology used to deliver technical projects. This Assignment will combine concepts from previous modules;
  - Have an opportunity to use your technical evaluation skills and your report writing and presentation skills; and
  - Have the opportunity to collaborate as a team member and learn to plan and manage the product similar to industry practices.

## Task Instructions

To complete this Assessment task, you must evaluate the three (3) prototypes in terms of technical and team collaboration and the prototyping approach adopted thus far.

In relation to this Assessment, please note:

- Your post-mortem report and presentation are due at the end of Module 8.
- To complete the task effectively, you will need to ensure you address the following areas, which you learned about in previous modules and lab exercises:
  - *Background and Objectives;*
  - *Prototype Evaluation;*
  - *Theme Selection;*
  - *Project Scope, including:*
    - *Functional and Technical Requirements;*
  - *Assumptions;*
  - *Risks;*
  - *Constraints;*
  - *Schedule, Timeline, Milestone and, Deliverables;*
  - *Stakeholder Management or Communications Management;*
  - *Resource Plan;*
  - *Project Quality:*
    - *Test Plan/Test Cases;*
  - *Project Report Template; and*
  - *Provide a 5–10-minute presentation summarising the report.*

## Referencing

It is essential that you use APA style to cite and reference your research. For more information on referencing, visit our Library website at https://library.torrens.edu.au/academicskills/apa/tool.

## Submission Instructions

Submit this task via the **Assessment** link in the main navigation menu in PBT205—Project-based Learning Studio: Technology. The learning facilitator will provide feedback via the Grade Centre in the LMS portal. Feedback can be viewed in My Grades.

### Academic Integrity Declaration (Student' Undertaking)

We declare that the work we are submitting for this assessment task is our own work. We have read and are aware of the Torrens University Australia Academic Integrity Policy and Procedure, viewable online at http://www.torrens.edu.au/policies-and-forms.

We are also aware that we need to keep a copy of all submitted material and any drafts and we agree to do so.

**Assessment Rubric**

| **Marking Criteria** | **Fail (Yet to achieve minimum standard) 0–49%** | **Pass (Functional) 50–64%** | **Credit (Proficient) 65–74%** | **Distinction (Advanced) 75–84%** | **High Distinction (Exceptional) 85–100%** |
|---|---|---|---|---|---|
| *Part A: Knowledge and understanding of Background and Objectives:*<br>• *Prototype Evaluation*<br>• *Theme Selection*<br>**15%** | Demonstrated partial or unsatisfactory knowledge and understanding of *Background and Objectives:*<br>• *Prototype Evaluation*<br>• *Theme Selection* | Demonstrated satisfactory knowledge and understanding of *Background and Objectives:*<br>• *Prototype Evaluation*<br>• *Theme Selection* | Demonstrated good knowledge and understanding of *Background and Objectives:*<br>• *Prototype Evaluation*<br>• *Theme Selection* | Demonstrated advanced knowledge and understanding of *Background and Objectives:*<br>• *Prototype Evaluation*<br>• *Theme Selection* | Demonstrated exceptional knowledge and understanding of *Background and Objectives:*<br>• *Prototype Evaluation*<br>• *Theme Selection* |
| *Part B: Knowledge and understanding of Project Scope:*<br>• *Functional Requirements*<br>• *Technical Requirements*<br>**15%** | Demonstrated partial or unsatisfactory knowledge and understanding of *Project Scope:*<br>• *Functional Requirements*<br>• *Technical Requirements* | Demonstrated satisfactory knowledge and understanding of *Project Scope:*<br>• *Functional Requirements*<br>• *Technical Requirements* | Demonstrated good knowledge and understanding of *Project Scope:*<br>• *Functional Requirements*<br>• *Technical Requirements* | Demonstrated advanced knowledge and understanding of *Project Scope:*<br>• *Functional Requirements*<br>• *Technical Requirements* | Demonstrated exceptional knowledge and understanding of *Project Scope:*<br>• *Functional Requirements*<br>• *Technical Requirements* |
| *Part C: Knowledge and understanding of Project Knowns and Unknowns:*<br>• *Assumptions*<br>• *Risks* | Demonstrated partial or unsatisfactory | Demonstrated satisfactory knowledge and understanding of | Demonstrated good knowledge and understanding of | Demonstrated advanced knowledge and understanding of | Demonstrated exceptional knowledge and understanding of |

| Marking Criteria | Fail (Yet to achieve minimum standard) 0–49% | Pass (Functional) 50–64% | Credit (Proficient) 65–74% | Distinction (Advanced) 75–84% | High Distinction (Exceptional) 85–100% |
|---|---|---|---|---|---|
| • *Constraints*<br>**20%** | knowledge and understanding of *Project Knowns and Unknowns:*<br>• *Assumptions*<br>• *Risks*<br>• *Constraints* | *Project Knowns and Unknowns:*<br>• *Assumptions*<br>• *Risks*<br>• *Constraints* | *Project Knowns and Unknowns:*<br>• *Assumptions*<br>• *Risks*<br>• *Constraints* | *Project Knowns and Unknowns:*<br>• *Assumptions*<br>• *Risks*<br>• *Constraints* | *Project Knowns and Unknowns:*<br>• *Assumptions*<br>• *Risks*<br>• *Constraints* |
| *Part D: Knowledge and understanding of Project Schedule & Quality:*<br>• *Schedule / Timeline / Milestones*<br>• *Deliverables*<br>• Resource Plan / Cost<br>• *Test Plan*<br>• *Test Cases*<br><br>**30%** | Demonstrated partial or unsatisfactory knowledge and understanding of *Project Schedule & Quality:*<br>• *Schedule / Timeline / Milestones*<br>• *Deliverables*<br>• Resource Plan / Cost<br>• *Test Plan*<br>• *Test Cases* | Demonstrated satisfactory knowledge and understanding of *Project Schedule & Quality:*<br>• *Schedule / Timeline / Milestones*<br>• *Deliverables*<br>• Resource Plan / Cost<br>• *Test Plan*<br>• *Test Cases* | Demonstrated good knowledge and understanding of *Project Schedule & Quality:*<br>• *Schedule / Timeline / Milestones*<br>• *Deliverables*<br>• Resource Plan / Cost<br>• *Test Plan*<br>• *Test Cases* | Demonstrated advanced knowledge and understanding of *Project Schedule & Quality:*<br>• *Schedule / Timeline / Milestones*<br>• *Deliverables*<br>• Resource Plan / Cost<br>• *Test Plan*<br>• *Test Cases* | Demonstrated exceptional knowledge and understanding of *Project Schedule & Quality:*<br>• *Schedule / Timeline / Milestones*<br>• *Deliverables*<br>• Resource Plan / Cost<br>• *Test Plan*<br>• *Test Cases* |
| *Part E:Clarity and presentation of the report Project Monitor and Control:*<br>• *Project Report Template*<br><br>**5%** | • *Lack overall organization* | • *Not well organised in most of the part* | • *Organised in most of the part*<br><br>• *Difficult to follow* | • *Well organised*<br><br>• *Cohesive and easy to follow* | • *Exceptionally organised* |

| Marking Criteria | Fail (Yet to achieve minimum standard) 0–49% | Pass (Functional) 50–64% | Credit (Proficient) 65–74% | Distinction (Advanced) 75–84% | High Distinction (Exceptional) 85–100% |
|---|---|---|---|---|---|
| | • *Very difficult to follow*<br>• *Grammatical and spelling errors make it difficult for the reader to interpret the text in many places.* | • *Difficult to follow*<br>• *Choice of words needs to be improved*<br>• *Grammatical errors impede the flow of communications* | • *Words are well chosen with some minor improvements needed*<br>*Sentences are mostly grammatically correct and have few spelling errors.* | • *Words are well chosen*<br>*Sentences are grammatically correct and free from spelling errors.* | • *Highly cohesive and easy to follow*<br>• *Words are carefully chosen that precisely express the intended meaning and support reader comprehension* |
| *Part F: Team Work*<br>*Presentation & Team Collaboration:*<br>• *Include summary of report*<br>• *Explain Project Selection and Approach*<br>• *Participation of all team members*<br><br>**15%** | Does not participate effectively in a team environment.<br><br>Places individual goals ahead of the group responsibility.<br><br>Hinders the group process and upsets the schedule. | Participates effectively in teams.<br><br>Identifies team and individual goals, tasks, responsibilities and schedules.<br><br>Contributes to group processes.<br><br>Supports the team. | Contributes to small group discussions to reach agreement on issues.<br><br>Works together with others towards shared goals.<br><br>Renegotiates responsibilities to meet needed change. | Understands group dynamics and team roles.<br><br>Facilitates team development.<br><br>Renegotiates responsibilities, tasks and schedules to meet needed change. | Builds team's identity and commitment.<br><br>Leads teams.<br><br>Evaluates teams' outcomes.<br><br>Implements strategies for enhancing team effectiveness. |

| The following Subject Learning Outcomes are addressed in this assessment | |
|---|---|
| SLO b) | Reflect on the development of a project from a variety of interpersonal and technological perspectives. |
| SLO c) | Investigate middleware and other technologies to assist in efficient and effective software development. |
